PLEA OF NOT GUILTY MADE BY GERMANY

RESPONSIBILITY FOR TORPEDO-
ING BRITISH STEAMER SUSSEX
DENIED AT BERLIN.

Same Claim Also Made In Regard to
Other Cases, It Being Asserted That
All Crafts That Might Have Been
Involved Have Been Heard From.

Berlin.—The German government is
able to announce that no German sub-
marine or warship was responsible for
the explosion which damaged the
British steamer Sussex.

When Germany, on April 5, handed
Ambassador Gerard an interim note
replying to the inquiries of the United
States government regarding the Sus-
sex and four other steamers, the mat-
ter of responsibility was still in doubt
and the investigation was still pro-
ceeding. The German foreign office,
appreciating the agitation in the United
States over these cases, trans-
mitted an interim response, declaring
the readiness of the government,
should the Sussex prove to have been
destroyed by a German torpedo con-
trary to the understanding with the
United States, to make all reparation,
including the payment of compensa-
tion.

It is authoritatively announced that
the investigation has now been com-
pleted; that all the craft which might
possibly have been involved in an at-
tack on the Sussex have reported and
that from the reports of their com-
manders, it is absolutely certain that
the Sussex was not destroyed by a
German torpedo and that Germany is
in no wise responsible for the disas-
ter.

From the material at hand it will
also be possible to reply to the Amer-
ican inquiries regarding the steamers
Englishman, Manchester, Engineer,
Eagle Point and Berwindale, and es-
tablish, according to the German con-
tention, that no blame attaches to Ger-
many.

AMERICANS SHOULD WITHDRAW.

Carranza Commander Believes His
Government Can Capture Villa.

El Paso.—General Gabriel Gavira,
Carranza commander at Juarez, has
announced that the forces of the de
facto government were in a position
to take immediate control of the Villa
situation if the American troops with-
drew.

General Gavira's statement was
made in connection with the an-
nouncement of Major General Scott,
chief of the American army staff,
stating that the purpose of the ex-
peditionary force would be considered
accomplished when the Villista bands
were dispersed or "as soon as the
troops of the de facto government
were able to relieve them of the
work."

Children Burned to Death.

London.—Five child performers
were burned to death on the stage of
the Garrick theatre at Hereford Fri-
day night. It was a children's enter-
tainment to provide comforts for the
soldiers.

S. P. Machine Shops Burned.

Naco, Ariz.—The Southern Pacific
machine shops, a roundhouse, three
engines and two coaches were de-
stroyed by fire at Naco, Sonora, Mon-
day. The loss is estimated at \$300,000.

Defer Action on Brandeis.

Washington.—Action on the nomi-
nation of Louis D. Brandeis for supreme
court justice has been deferred for a
week by the senate judiciary commit-
tee.

Need New Army Base.

El Paso, Texas.—The rapidity of
Francisco Villa's flight into the heart
of Mexico may force Brigadier Gen-
eral Pershing to establish a new army
base for the American expedition near
Chihuahua City.

Town Laid Waste by Wind.

New Orleans.—An appeal Sunday
for food and tents for residents of
Belmont, La., about sixty miles west,
contained the news that virtually
every building in that town had been
remolished by a tornado.

Vote to Repay Ransom.

Washington.—The senate has passed
a bill to restore \$65,000 to American
contributors to the ransom fund for
Ellen M. Stone, the American mission-
ary kidnapped by brigands in the Balk-
ans in 1901.
